Chief Human Resource Officer Megha Goel said Godrej Properties was looking for candidates who possess the energy, drive and initiative but are also able to manage large teams and inspire them to perform better.

Real estate developer Godrej Properties has a robust land acquisition pipeline that will result in multiple launches in the financial year 2023-24. The company will be on a hiring spree to fulfil its talent requirements and is expected to hire 800-1,000 employees in 2023.

The hiring will be for roles across the value chain of the real estate business. This includes talent across sales, architecture, civil, mechanical and electrical engineering, relationship management, and legal, strategy and finance.

Chief Human Resource Officer Megha Goel said Godrej Properties was looking for candidates who possess the energy, drive and initiative but are also able to manage large teams and inspire them to perform better.
